I like going to the countryside. I like going there with my friends.

In the countryside, there are some flowers and some fish. We can see some ducks , some bees and some trees there.

Sometimes, we can see some Clouds in the sky, too.

The countryside is very nice. There are many things we can do there. We can smell the flowers. We can play hide-and-seek.

We can also taste an apple. What a great place!
