My Favourite Toy

This is my favourite toy. It is a truck called Mack. Mack is a character from a cartoon called Cars. Its best friend is Lightning McQueen, the main character of Cars.

I like to play with the truck. It is big and beautiful. I can open the back of the truck and put a car or a minibus inside. I bought this toy truck from a toy store in Kowloon Bay. I like my favourite toy truck very much.

My Favourite Toy

My favourite toy is a flurry bird. It is in blue and white colour. He is fat and little. He can hop but he can't walk. He looks cute.

I like it very much. I always bring him to school when I was in kindergarten. At night, I sleep with him.

Actually, this is my sister's present given by our teacher. I swapped my bear with her. Thank you, my sister.
