The Forest Adventure

One day, Hailey, Chloe and Ching went to a forest for an adventure.

First, they saw some cute animals, like pandas, humming birds and baby hippos. The pandas were eating bamboo. The humming birds were flying around the flowers. And the baby hippos were taking a bath in the river.

Then they saw some terrible animals, likes tigers, crocodiles and lions. The lions were roaring. The tigers were chasing the zebras. And the crocodiles were looking for their lunch. Hailey and Chloe were scared, while Ching was excited to saw those animals.

Ching said “Don’t be scared, don’t you feel they are cute?” However, Hailey and Chloe were still frightened, so they wanted to go home. Before they left the forest, they saw a monkey swinging on the tree, and Hailey said “Look! The monkey is saying goodbye to us.” Ching enjoyed the adventure very much while Hailey and Chloe did not.

The Horrible Enormous Crocodile

Yesterday, my parents brought me to a big zoo. I saw a lot of animals there. There was a huge crocodile that I have ever seen. The enormous crocodile has a very big body. It has a big mouth and sharp teeth, too. He is as long as a shark and it is dark green in colour. He came from a muddy river. He is dirty and ugly.

He was eating meat hungrily. He opened his long and big mouth. I saw his long and sharp teeth and his long and thick tongue. He was very dangerous and scary. My little brother, Henry, and I were very frightened. Henry cried loudly so Mum and Dad took us to see other animals.

Henry and I could not forget the horrible enormous crocodile. I had a terrible dream that night. I dreamt that Henry and I were in the big mouth of the crocodile. It was a nightmare.
