

Where have you been?

Last summer holiday, I went to Japan with my parents for three days. Although we spent many hours on the plane, we were still very excited about the trip.

On the first day, we went to Tokyo Disneyland. We had a lot of fun. In Disneyland, we took photos with some cartoon characters and rode on a roller coaster. Mum was afraid of riding on a roller coaster. She would rather watch the shows than ride on it. At night, we watched the fireworks. We also watched the parade. We were glad to play in Disneyland. We were all very tired, so we went back to our hotel. We slept well at night.

On the second day, we woke up early in the morning. We went to visit some Japanese temples by train. After arriving there, we walked around and admired the temple structures and displays. We took many photos there. We felt very peaceful. After that, we went to a restaurant near the temples. We ordered some delicious Japanese food, such as noodles, sushi and sashimi. The food was yummy and we were so enjoyable.

On the last day, we went shopping. We bought a lot of souvenirs for my friends. Our trip to Japan was fantastic and we had a lot of fun. We looked forward to our next trip.

I want to be a kindergarten teacher when I grow up

Different people may have different dream jobs. My dream job is to be a kindergarten teacher. I want to be a kindergarten teacher because I would like to teach children who are interested in drawing and music. Besides, I like to have a safety working environment and a good salary, so to be a teacher is my dream.

It is not easy to be a good kindergarten teacher. I cannot be a good teacher unless I am helpful and caring. I have to look after the children who are unable to take care of themselves. I also need to be patient because some children are naughty and do not like to follow rules. A kindergarten teacher has regular working hours. The working hours are usually from 8 a.m. to 7 p.m. I have to know more about the job nature and prepare myself well if I want to be a kindergarten teacher in the future.

If I want to be kindergarten teacher, I must be knowledgeable. Perhaps I have to improve my languages and get high marks in my exams. I promise myself that I will try my best in order to achieve my goal.
